

Mission Briefing Events

Help spread the word about Re-fined!

Host a Mission Briefing to share Re-fined's mission and vision with your direct community and tell your guests to leave their wallets at home!

Mission Briefings are small gatherings to be hosted in your home, church, office, a restaurant, or anywhere that provides a comfortable atmosphere for you and your guests. It is an opportunity to hear about Re-fined's work, learn about the problem of exploitation in Colorado, and discover actionable solutions.

WHAT TO EXPECT WHEN HOSTING YOUR 1 HOUR LONG MISSION BRIEFING:

Overview of exploitation and statistics

Mission overview from Re-fined staff member

Opportunity for a Q&A session depending on guest engagement

Food and refreshments, left to the discretion of the host

If you have a passion for helping restore the exploited, one of the most effective ways you can support us is by hosting a Mission Briefing! The more support we have from the community, the more effectively we can reach those who have been abused and forgotten.

The only ASK is to invite your guests to consider getting involved and to host their own Mission Briefing.
